Giving children a step ahead

Bata Children's Program

The Bata Children's Programme is a global initiative by Bata make a positive and significant difference in the lives of improvised communities. Since its inception in 2010, over 25 000 pairs of Toughees school shoes have been donated. BCP strives to improve access to basic education and school shoe donations are one of the means that the BCP sees as making an impact, assisting families to meet their children's uniform requirements, protecting children's feet and fostering hope for the future.
